

AT THE ROOT OF THE BEST MALTING VARIETIES

Grow to expect the best

RGT ASTEROID

Species: **SPRING BARLEY**

End market: **MALTING**

Type: **CONVENTIONAL TWO-ROW**

CHARACTERISTICS:

- > Unique quality
- > Provisionally approved for all end markets
- > Very good specific weight
- > Good disease profile
- > Good straw strength and brackling resistance
- > Consistent performer

RGT Asteroid
Recommended List 2020

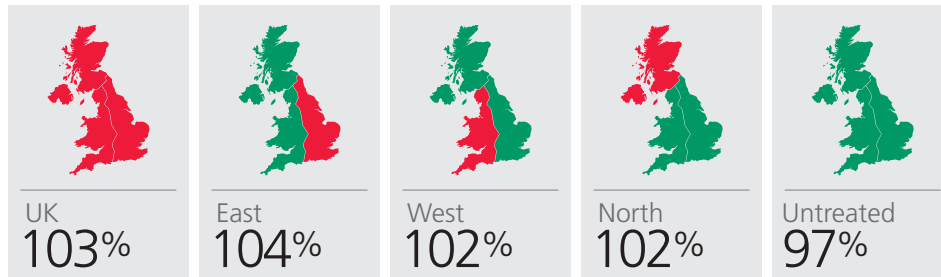

RGT Asteroid
Provisional MBC
approval

Variety Data: RGT ASTEROID

VARIETY OVERVIEW:

This very flexible variety is undergoing tests for grain distilling and malt distilling in the UK. It produces the best quality grain of the newer, high yielding spring barleys, backed by strong agronomics. RGT Asteroid will be launched commercially for spring 2020. It is undergoing brewing tests in other EU countries, opening up potential export markets.

YIELD:

AGRONOMICS:

Ripening	+1
Height	73
Lodging -PGR	7
Brackling	8
Spec weight	68.3

DISEASE:

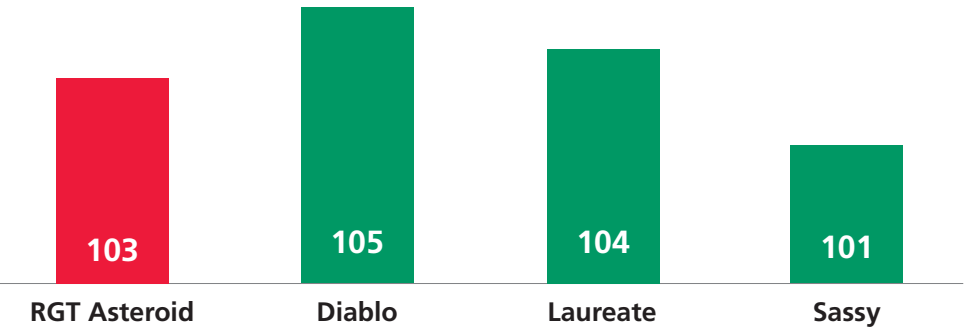

Mildew	9
Yellow rust	-
Brown rust	5
Rhynchosporium	4

QUALITY:

% Screenings 2.25mm	1.2
% Screenings 2.5mm	3.1
Hot water extract	315.0
% Nitrogen	1.48

Performance Data: RGT ASTEROID

YIELD PERFORMANCE:

AGRONOMIC PERFORMANCE:

	Ripening	Height	Lodging -PGR	Brackling	Spec weight
RGT Asteroid	+1	73	7	8	68.3
Diablo	+1	73	7	8	67.1
Laureate	+1	71	7	8	66.5
Sassy	0	78	6	6	68.4

DISEASE RESISTANCE:

	Mildew	Yellow rust	Brown rust	Rhynchosporium
RGT Asteroid	9	-	5	4
Diablo	9	-	5	5
Laureate	9	[5]	5	6
Sassy	9	[6]	5	6
