

# KWS CASSIA

Winter Barley

(Eden x Carat) x Saffron

SEEDING  
THE FUTURE  
SINCE 1856

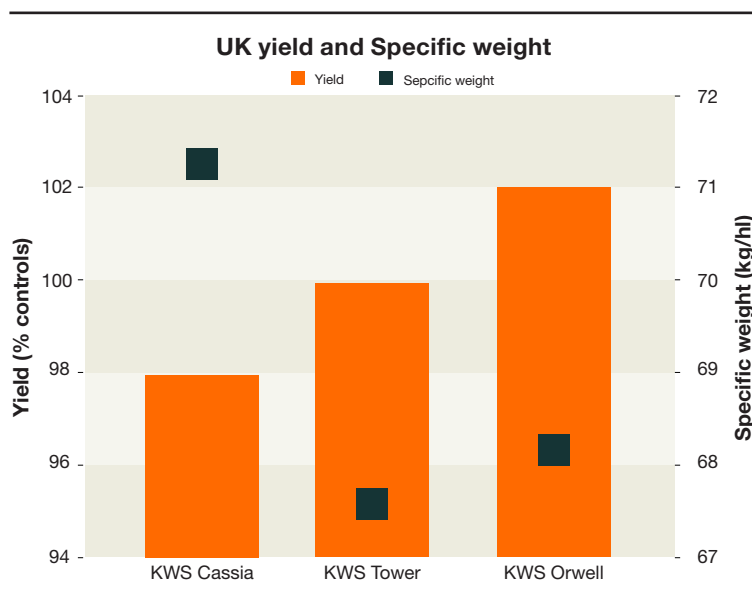

## The ever-dependable feed barley

- Still the highest specific weight on the RL
- Stiff strawed
- Easy to grow and proven on farm

An ever popular bold-grained variety, KWS Cassia is still grown across large swathes of the UK winter barley area.

KWS Cassia is free-tillering and easy to grow. Its ability to hold on to green leaf through the grain-fill period helps boost yields.

KWS Cassia is medium height, stiff-strawed, requiring a standard PGR regime to ensure security in the field.

KWS Cassia	
Yield (% treated controls)	
UK	98
East	98
West	98
North	98
Disease	
Mildew	5
Yellow Rust	-
Brown Rust	7
<i>Rhynchosporium</i>	5
Net blotch	5
BaYMV	R
Agronomy	
Screenings (% through <2.25mm)	1.7
Screenings (% through <2.5mm)	5.1
Resistance to lodging	7
Maturity (+/- KWS Orwell)	+1
Height (cm) with PGR	94
Sp.Wt (kg/ha)	71.4
