

- Short, very stiff straw

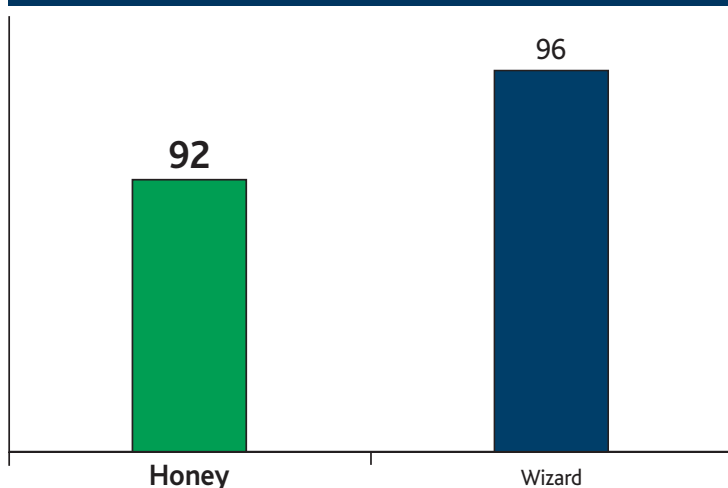

- Early maturing

- Large seed size

**Honey is an early maturing, short, very stiff strawed variety with a more compact habit than Wizard.**

The combination of short straw, exceptional standing ability and early maturity makes Honey ideally suited to higher fertility and moisture production areas and also the North and West of the UK. Honey produces large, attractive grain with relatively high protein content, suitable for the export market.

**UK TREATED YIELD** as % C, 4.54 t/ha

**AGRONOMICS**

Flower colour	C
Earliness of maturity (1-9)	7
Straw length (cm)	116
Standing ability at harvest (1-9)	8

**QUALITY**

1000 seed weight (g)	699
Protein content (% dry)	25.9

PGRO Descriptive List 2021

**ANNUAL YIELDS**

2016 (5.69 t/ha)	83
2017 (4.75 t/ha)	96
2018 (4.29 t/ha)	97
2019 (5.31 t/ha)	93
2020 (2.64 t/ha)	95
